Three outcomes are possible. They can be different depending on the company's social or tax debts:

1) Outcome 1 which is shown in a **grey box** means that the company does not fall within the scope of the relevant legislation.

- 2) Outcome 2 which is shown in a **green box** means there is no obligation to withhold on invoices. It also shows the validity date of this decision.
- 3) Outcome 3 which is shown in a **red box** means there is an obligation to withhold on invoices.

If you need more information on the result for tax liabilities (FPS Finance), please consult the <u>page</u> <u>Companies Witholding obligation of the SPF Finances website</u>.

For the results relating to social security, additional information is provided below.

What do I have to do?

In case of a green or grey box, you do not have to take any further action. You can pay the relevant invoice in full to your contractor.

In case of a red box for the social security section, you have to take action. You have to withhold 35% of the invoice to be paid and forward it to the NSSO.

How can I realise the withholding on invoices (35%) for social debts?

You pay 35% of the invoice amount to the NSSO into the account number BE76 6790 0001 9295. Please enter in the reference field the company for which this withholding is intended (including identification number and name of the company).

This amount is deducted from the invoice and you pay the remaining amount (possibly after a withholding for tax debts) to the contractor.
